Improve Operator Productivity

SkyGlazier® is the first and only factory-approved glass and panel tray. It utilizes industry leading capacity to help you get materials to the worksite, all while improving productivity, reducing operator fatigue and protecting panels from damage.

Features and Benefits Include:

- Prevents damage to panels - the system includes foam-padding for railing, a strap to secure panels, and a padded tray.
- Conserve platform space by holding supplies outside the platform.
- Reduce worker fatigue by decreasing manual lifting.
- Eliminate safety violations by using a manufacturer-approved panel-carrying system, integrated into the platform.

Specifications:

- Maximum Material Size: 32 ft^2 (3 m^2)
- Maximum Wind Speed: 20mph (32kph)
