

The New **Dumper** from JLG®

D132

[PREVIOUS AUSA D601AHG]

Engineered for high-volume material handling in demanding environments, this dumper delivers exceptional durability, control, and hauling performance—allowing operators to move more material efficiently across rough terrain, confined spaces, and challenging slopes.

ADJUSTABLE SEAT W/ OPERATOR PRESENCE

Designed to help prevent machine operation unless the operator is properly seated.

ALL-IN-ONE JOYSTICK

Intuitive, single-hand operation delivers smooth drive and dump control for confident maneuvering in tight spaces.

SIMPLIFIED SERVICEABILITY

Easy, simplified access to key maintenance points simplifies routine service and reduces downtime.

74.3-HP DEUTZ DIESEL ENGINE

High-torque Deutz diesel power delivers dependable performance on demanding jobsites.

2-SPEED HYDROSTATIC 4X4 TRANSMISSION

Smooth, gear-free drive with full-time four-wheel traction for excellent control and maneuverability.

RUGGED DURABILITY

Built with heavy-duty steel components to withstand extreme loads and the toughest jobsite conditions.

REAR-FOLDING ROPS

Enhances operator awareness with clear views around the machine within close-quarters operation.

180-DEGREE SWIVEL BUCKET

Allows flexible material placement for efficient dumping in any direction without re-positioning.

BEST-IN-CLASS CAPACITY TO WEIGHT RATIO

Move more material with less machine—maximizing productivity, efficiency, and jobsite maneuverability.

TURF TIRES ALSO AVAILABLE

Designed to protect sensitive surfaces while maintaining traction across dirt, rock, grass, and turf.

ARTICULATED CHASSIS DESIGN

Improves maneuverability in tight spaces by allowing the machine to navigate around obstacles with a tighter turning radius.
