

The New **Dumper** from JLG®

DR132

Designed for maximum flexibility on demanding jobsites, this high-capacity dumper features a reversible operator station that provides excellent visibility and control in either direction—allowing operators to quickly change travel direction, minimize unnecessary maneuvering, and move material more efficiently in confined or congested work areas.

ADJUSTABLE SEAT W/ OPERATOR PRESENCE

Enhances all-day comfort and safety by ensuring the machine operates only when the operator is properly seated.

ALL-IN-ONE JOYSTICK

Intuitive, single-hand operation delivers smooth drive and dump control for confident maneuvering in tight spaces.

BEST-IN-CLASS BUCKET CAPACITY

Moves more material in every load, helping operators complete jobs faster and improve overall jobsite efficiency.

180-DEGREE SWIVEL BUCKET

Allows flexible material placement for efficient dumping in any direction without re-positioning.

REAR-FOLDING ROPS

Provides operator protection while allowing easier transport and access in low-clearance environments.

HYDROSTATIC 4X4

TRANSMISSION
Smooth, gear-free drive with full-time four-wheel traction for excellent control and maneuverability.

74-HP DEUTZ DIESEL ENGINE

High-torque Deutz diesel power delivers dependable performance on demanding jobsites.

SIMPLIFIED SERVICEABILITY

Easy, simplified access to key maintenance points simplifies routine service and reduces downtime.

TURF TIRES ALSO AVAILABLE

Designed to protect sensitive surfaces while maintaining traction across dirt, rock, grass, and turf.
