

The New **Dumper** from JLG®

D77

[PREVIOUS AUSA D350AHG]

Designed for major earthworks in urban and intercity environments or in private residential areas, featuring best-in-class durability and an excellent power-to-weight ratio for peak maneuverability while tackling steep slopes with ease.

REAR-FOLDING ROPS

Enhances operator awareness with clear views around the machine within close-quarters operation.

ADJUSTABLE SEAT W/ OPERATOR PRESENCE

Designed to help prevent machine operation unless the operator is properly seated.

2-SPEED HYDROSTATIC 4X4 TRANSMISSION

Smoother, gear-free drive with full-time four-wheel traction for excellent control and maneuverability.

SIMPLIFIED SERVICEABILITY

Easy, simplified access to key maintenance points simplifies routine service and reduces downtime.

49.6-HP KUBOTA DIESEL ENGINE

High-torque Kubota diesel power delivers dependable performance on demanding jobsites.

RUGGED DURABILITY

Built with heavy-duty steel components to withstand extreme loads and the toughest jobsite conditions.

ALL-IN-ONE JOYSTICK

Intuitive, single-hand operation delivers smooth dump control for confident maneuvering in tight spaces.

180-DEGREE SWIVEL BUCKET

Allows flexible material placement for efficient dumping in any direction without re-positioning.

BEST-IN-CLASS BUCKET CAPACITY

Moves more material in every load, helping operators complete jobs faster and improve overall jobsite efficiency.

OPTIONAL TURF TIRES

Designed to protect sensitive surfaces while maintaining traction across dirt, rock, grass, and turf.

ARTICULATED CHASSIS DESIGN

Improves maneuverability in tight spaces by allowing the machine to navigate around obstacles with a tighter turning radius.
