TIRE COVERS AND DRIP DIAPERS

ALLFLEET PARTS™

PROTECT FLOORS FROM MARKS, STAINS & SPILLS

Help safeguard finished flooring from the demands of everyday equipment operation. From tire residue to unexpected fluid leaks, these practical accessories help minimize surface damage, reduce cleanup and keep work areas looking their best.

TIRE COVERS

Tire Covers create a barrier between equipment tires and sensitive surfaces, helping limit marks and debris during indoor operation.

- Protect Sensitive Surfaces – Help prevent tire marks, scuffs and rubber transfer.
- Reduce Cleanup Costs – Minimize cleaning, touch-ups and potential repairs.
- Easy Maintenance - Open design allows operators to easily access wheel, rims, and lugs.

TIRE COVERS AND DRIP DIAPERS

DRIP DIAPERS - CATCH LEAKS BEFORE THEY HIT THE FLOOR

Drip Diapers provide an absorbent barrier beneath equipment to capture leaking hydraulic oil and other fluids before they damage finished surfaces.

FEATURES & BENEFITS

- Contain Fluid Leaks – Absorb hydraulic oil and other equipment fluids at the source.
- Protect Finished Floors – Help prevent stains and costly surface damage.
- Reduce Cleanup & Repair Costs – Minimize the impact of unexpected equipment leaks.
- Reusable Design – Replaceable absorbent pads provide convenient ongoing protection.
- Easy Installation – Flexible attachment options help secure protection beneath equipment.
