

JLG® PRODUCT FLYER

NORTH AMERICA

MICHELIN XMCL TIRE

FEATURES AND SPECIFICATIONS

Specialty use tire designed for the for long days and multiple tasks. Features steel belted, radial construction, for increased puncture and damage resistance with a crown belt for increased protection. This long wearing tire can handle heavy loads without compromising stability. The large traction tread increases grip and maneuverability even on uneven or soft ground.

Product Highlights:

- Aggressive tread increasing durability and longevity
- Tread pattern increases effectiveness on soft or uneven ground
- Smooth ride with increased rider comfort
